Report of Independent Registered Public Accounting Firm

RSM US LLP

To the Member and the Board of Directors of G.H. Financials, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of G.H. Financials, LLC (the Company) as of March 31, 2020, and the related notes to the financial statement (collectively, the financial statement). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of March 31, 2020, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB and in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The supplementary information contained in Schedules I, II, III, IV, V and VI (the Supplemental Information) has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The Supplemental Information is the responsibility of the Company's management. Our audit procedures included determining whether the Supplemental Information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Information. In forming our opinion on the Supplemental Information, we evaluated whether the Supplemental Information, including its form and content, is presented in conformity with Regulation 1.10 under the Commodity Exchange Act. In our opinion, the supplementary information contained in Schedules I, II, III, IV, V and VI is fairly stated, in all material respects, in relation to the financial statement as a whole.

RSM US LLP

We have served as the Company's auditor since 2016.

G. H. FINANCIALS, LLC

Notes to Statement of Financial Condition

1. Organization and Business

G. H. Financials, LLC (the "Company"), a Delaware limited liability company, was formed on May 31, 2011. The Company is registered as a futures commission merchant with the Commodity Futures Trading Commission and is a member of the National Futures Association. The Company is a clearing member of the Chicago Mercantile Exchange ("CME"), the Chicago Board of Trade, the New York Mercantile Exchange, Commodity Exchange, Inc. and ICE Futures U.S. The Company provides execution and clearing services for institutional clients and related entities. G. H. Financials Limited is the Company's sole member ("Member").

2. Summary of Significant Accounting Policies

Basis of Presentation

The statement of financial condition is presented in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and the Company maintains its financial records in U.S. dollars.

Revenue Recognition

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ('ASU') No. 2014-09, *Revenue from Contracts with Customers*, which is part of Accounting Standards Codification ('ASC') Topic 606. It defines how companies report revenues from contracts with customers and also requires certain enhanced disclosures. The standard's provisions and related amendments are effective for annual reporting periods beginning after December 15, 2018. A significant portion of the Company's revenue is interest income which is excluded from the scope of this new guidance. On April 1, 2019, the Company adopted this guidance, which did not have a material impact on the Company's financial statements. Electing to adopt under the modified retrospective method, the Company did not recognize a material cumulative effect adjustment to retained earnings at the date of initial application.

There were no receivables from contracts with customers outstanding as of April 1, 2019 and March 31, 2020.

Furniture, Equipment and Leasehold Improvements

Furniture and fixtures, leasehold improvements and other equipment (including purchased software) are depreciated over the estimated useful lives of the assets (ranging from 5-7 years) using the straight-line method. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the respective lease, using the straight-line method.

Translation of Foreign Currencies

Assets and liabilities denominated in foreign currencies are translated at the rate of exchange on the statement of financial condition date.

Income Taxes

The Company accounts for income taxes in accordance with ASC 740, *Income Taxes*, which clarifies the accounting for and reporting of income tax uncertainties, and requires additional disclosures related to uncertain income tax positions. ASC 740 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. ASC 740 requires that the Company determines whether it is more likely than not that a tax position will be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. In evaluating whether a tax position has met the more-likely-than-not recognition threshold, the Company presumes that the position will be examined by the appropriate taxing authority that has full knowledge of all relevant information.

Deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected

G. H. FINANCIALS, LLC

Notes to Statement of Financial Condition

2. Summary of Significant Accounting Policies (Cont'd)

Income Taxes (Cont'd)

to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. When applicable, a valuation allowance is established to reduce any deferred tax assets when it is determined that it is more likely than not that some portion of the deferred tax asset will not be realized. It is the policy of the Company to comply with the provisions applicable to companies, as defined by Subchapter C of the Internal Revenue Code. The Company files federal and state income tax returns. The Company accrued for income taxes using the statutory federal (21%) and (Illinois) state (9.5%) income tax rates for the fiscal year ended March 31, 2020. The statutes of limitation on each of the Company's income tax returns may remain open for an additional year depending upon jurisdiction.

The deferred tax asset of \$139,000 as of March 31, 2020, arises due to the timing difference on the loss generated on the sale of investments. The tax years after March 31, 2016, are open and otherwise generally subject to examination by the Internal Revenue Service or state taxing authorities. The Company has analyzed the positions for all open tax years, and the positions to be taken for the tax year ended March 31, 2020, in its major jurisdictions, and has determined whether or not there are uncertain tax positions that require financial statement recognition. Based on this review, the Company has determined the major tax jurisdictions to be where the Company is organized and where the Company makes investments. No reserves for uncertain tax positions were required to have been recorded as of March 31, 2020. However, the Company's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, ongoing analyses of and changes to tax laws, regulations and interpretations thereof. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the statement of income. As of March 31, 2020, there was no material impact to the statement of financial condition relating to accounting for uncertainty in income taxes.

Exchange Stock

The Company's exchange stock, required for clearing membership, is reflected in the statement of financial condition at cost (fair value is shown parenthetically). U.S. GAAP requires that such stock be recorded at cost, or, if an impairment in value has occurred, at a value that reflects management's estimate of the fair value.

Use of Estimates

The preparation of the statement of financial condition in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the statement of financial condition and the accompanying notes. Management determines that the estimates utilized in preparing its statement of financial condition are reasonable and prudent. Actual results could significantly differ from these estimates.

Recent Accounting Development

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. Under the new guidance, lessees will be required to recognize the following for all leases (with the exception of leases with a term of twelve months or less) at the commencement date: (a) a lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and (b) a right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term. Under the new guidance, lessor accounting is largely unchanged. The pronouncement requires a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The modified retrospective approach would not require any transition accounting for leases that expire before the earliest comparative period presented. A full retrospective transition approach is not permitted.

Per ASU 2019-10, *Leases (Topic 842) Effective Dates*, entities should apply amendments in ASU 2016-02 for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021. Early application continues to be allowed. The Company is evaluating the impact this ASU will have on future financial statements.

	<u>\$45,402</u>

G. H. FINANCIALS, LLC

Notes to Statement of Financial Condition

7. Employee Benefit Plan

The Company maintains a 401(k) plan for qualified employees. The Company is required to match a percentage of employees' contributions up to a defined maximum.

8. Related Party Transactions

At March 31, 2020, payables to noncustomers totaling \$9,934,260 includes equity balances of the Member of \$9,667,096 and a balance of \$2,885 relating to a trading account belonging to Mr. Gedon Hertshten, who is the majority owner of the Member. Payables to customers of \$123,875,835 include equity in the commodity trading accounts of the Member of \$5,484,791 and to a wholly-owned subsidiary of the Member, G. H. Financials (Hong Kong) Limited, in the amount of \$73,383,094 for their customer omnibus account at March 31, 2020.

Included in receivables from clearing organizations and brokers balance are balances held at the member company brokerage account of \$30,877. Additionally, included in the deposits with clearing organizations and brokers balance are balances held at the member company brokerage account in the amount of \$546,111 and balances held at a wholly-owned subsidiary of the member, GH Financials (Hong Kong) Limited, in the amount of \$512,985.

The Company also had subordinated borrowings from the Member totaling \$4,000,000 (see Note 9). The balance outstanding as of March 31, 2020, was \$4,000,000.

Intercompany charges relating to commissions earned were charged by the Company to the Member and wholly-owned subsidiary of the Member, G. H. Financials (Hong Kong) Limited, and 48% of total clearing commission and fees. There was a balance of \$2,603,400 outstanding as of March 31, 2020 due to the Member and no balance outstanding with G. H. Financials (Hong Kong) Limited.

The Member has pledged its CME memberships to the Company enabling it to maintain its clearing memberships. Additionally, the Member has provided a \$10 million uncommitted revolving credit facility to the Company for the purpose of settlement liquidity. The Member has no obligation to advance funds other than at the sole discretion of the Member. At March 31, 2020, there was no balance due on this facility. In addition, the Company has provided a \$5 Million uncommitted revolving credit facility line to the Member. At March 31, 2020, there was no balance due on this facility.

9. Liabilities Subordinated to Claims of General Creditors

At March 31, 2020, liabilities subordinated to claims of general creditors totaled \$4,000,000 and consisted of cash subordinated borrowings from the Company's Member. The subordination agreement has an effective date of October 1, 2011 and matures on October 1, 2021. The loan bears interest at 3% per annum. The subordinated borrowing is covered by an agreement approved by the CME and thus qualifies as capital as such term is defined. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

G. H. FINANCIALS, LLC

Notes to Statement of Financial Condition

10. Commitments and Contingencies

(a) Lease commitments

The Company conducts its operations in leased office facilities and annual rentals are charged to current operations. The lease is subject to an escalation clause based on the operating expenses of the lessor.

At March 31, 2020, the approximate minimum annual (base) rental commitments under non-cancelable operating leases are approximately as follows:

<i>Year ending March 31, 2021</i>	\$81,749
<i>Year ending March 31, 2022</i>	84,202
<i>Year ending March 31, 2023</i>	21,574
	<hr/> \$187,525 <hr/>

(b) Legal and regulatory matters

In the ordinary course of business, the Company is subject to reviews and proceedings by external agencies which may result in adverse judgments, settlements, fines, penalties, and other relief. Management accrues for a settlement when a liability is deemed probable and estimable. Costs incurred in responding to such matters are expensed when incurred.

11. Indemnifications and Guarantees

In the normal course of business, the Company enters into contracts and agreements that contain a variety of representations and warranties that provide general indemnifications. The Company's maximum exposure under these arrangements is unknown, as these involve future claims that may be made against the Company but that have not occurred. The Company expects the risk of any future obligations under these indemnifications to be remote.

The Company is a member of clearing organizations that clear derivative contracts. Associated with these memberships, the Company may be required to pay a proportionate share of the financial obligations of another member who may default on its obligations to the exchange or the clearing house. While the rules governing different exchange or clearing house memberships vary, in general, the Company's guarantee obligations would arise only if the exchange or clearing house had previously exhausted its resources. The maximum potential payout under these membership agreements cannot be estimated.

The Company has not recorded any contingent liability in the statement of financial condition for these agreements and believes that any potential requirement to make payments under these agreements is remote.

12. Off-Balance-Sheet Risk

The Company executes and clears customer transactions in the purchase and sale of commodity futures contracts (including options on futures contracts), which are transacted on a margin basis subject to individual exchange regulations. Such transactions may expose the Company to significant off-balance-sheet risk in the event margin requirements are not sufficient to fully cover losses that customers may incur.

In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell futures contracts at prevailing market prices in order to fulfill the customer's obligations. The Company controls this risk by monitoring margin collateral levels on a daily basis for compliance with regulatory and internal guidelines and requires additional collateral when necessary. The Company requires a customer to deposit additional margin collateral, or reduce positions, if it is determined

G. H. FINANCIALS, LLC

Notes to Statement of Financial Condition

12. Off-Balance-Sheet Risk (Cont'd)

that the customer's activities may be subject to above normal market risks. The Company believes that the deposits and collateral held at March 31, 2020, were adequate to minimize the risk of material loss that would be created by positions held at that time.

The Company also enters into various transactions with other futures commission merchants. Cash and derivative financial instruments on deposit with futures commission merchants collateralize amounts due to these futures commission merchants and serve to satisfy margin requirements. In the event these counterparties do not fulfill their obligations, the Company may be exposed to risk. This risk of default depends on the creditworthiness of the counterparties to these transactions. It is the Company's policy to monitor the creditworthiness of each party with which it conducts business.

13. Significant Risk Factors

In the normal course of business, the Company is engaged in various listed derivatives trading and brokerage activities servicing primarily institutional clients. Trading activities are mainly generated by client order flow. For the year ended March 31, 2020, the Company earned a significant amount of its total revenues from the Member and G. H. Financials (Hong Kong) Limited (see Note 8).

The Company's financial instruments are subject to credit risk. Credit risk represents the potential loss that the Company would incur if the counterparties failed to perform pursuant to the terms of their obligations. The Company may be obligated to discharge the obligation of one or more non-performing counterparties and, as a result, may incur a loss if the fair value of the related listed derivative differs from the contract amount. The Company minimizes its exposure to credit risk by monitoring counterparty exposure on a regular basis.

Cash held at financial institutions, at times, may exceed the amount insured by the Federal Deposit Insurance Corporation ("FDIC"). The Company has not experienced any losses of any accounts held at these financial institutions.

14. Minimum Capital Requirements

The Company is a futures commission merchant subject to minimum capital requirements pursuant to Regulation 1.17 under the CEAct, the NFA and other commodities regulatory organizations. Under Regulation 1.17, the Company is required to maintain net capital equivalent to the greater of \$1,000,000 or the sum of 8% of the customer risk maintenance margin requirement plus 8% of the noncustomer risk maintenance margin requirement, as these terms are defined.

In addition, the Company is subject to minimum capital requirements of the CME. Under the more restrictive of these rules, the Company is required to maintain net capital equivalent to \$5,000,000 or the sum of 8% of the customer risk maintenance margin requirement plus 8% of the noncustomer risk maintenance margin requirement, as these terms are defined.

Net capital and risk maintenance margin requirements change from day-to-day but at March 31, 2020, under Regulation 1.17 and under the requirements of the CME, the Company's Adjusted Net Capital was \$24,288,342 which was \$17,014,526 in excess of its net capital requirement of \$7,273,816. The net capital rule may effectively restrict Member withdrawals and the repayment of subordinated loans.

15. Subsequent Events

The Company's management has evaluated events and transactions through May 21, 2020, the date the financial statements were available to be issued, noting no material events requiring disclosure in the Company's financial statements.

G. H. FINANCIALS, LLC

Notes to Statement of Financial Condition

15. Subsequent Events (Cont'd)

The World Health Organization declared the coronavirus (COVID-19) to be a public health emergency on January 30, 2020. Although management has established business continuity policies and procedures, the occurrence of COVID-19, and the uncertainty of how it will progress in the future, could have a material effect on our business, which could have a material effect on our financial condition and results of operations. As of May 21, 2020, the date of issuing our financial statements, management has no reason to believe that COVID-19 will have a materially adverse effect on the Company's financial condition.
